UX Design Intern

Designed a system for Front End Engineers and Product Managers to view existing Modules used to build the Walmart website. Designed a system to create a new Module for the Walmart website. Implemented with Sketch and Invision.

UI/UX Designer

Birdie is a mobile web application designed to help the user quickly and efficiently find a place to eat. I co-designed the user interface with HTML and CSS. APIs used: Facebook login, Google login, Google maps, and Yelp.

Research Associate

Leaders Forum is a nonprofit network of leaders in government and private industry seeking to advance Asian American Pacific Islanders into leadership positions in government and civil society. I provided review on the layout of the organization website. Also assisted in political data research and analysis involving AAPIs.
